

Objective: Printing Barcodes to Win2pdf

Step 1: Click the start button on your Taskbar. Click on Printers and Faxes. Click twice on the Win2PDF printer icon. ([Fig. A](#))

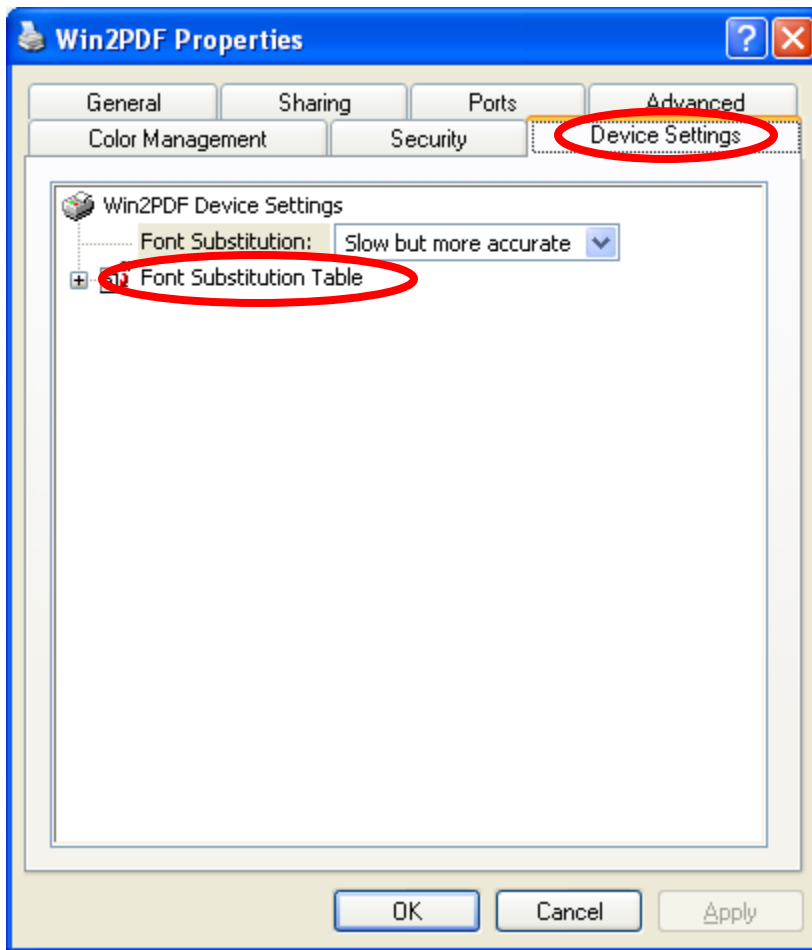

[Fig. A](#)

Step 2: Click on Printer. Click on Properties from the dropdown. ([Fig. B](#))

[Fig. B](#)

Step 3: Click on the Device Settings tab. Click twice on Font Substitution Table. ([Fig. C](#))

[Fig. C](#)

Step 4: Click on 3 of 9 Barcode in the font Substitution Table. Click on the dropdown to find Print as Graphics. Click on OK. (Fig. D)

Result: You now have Barcodes that will print to WIN2PDF.
